We remain therefore free to contract with a competitor of the Contractor for the supply of similar goods or service(s).

We further refer to the "Code of Conduct for Suppliers" which sets out our expectations regarding corresponding standards for our business partners, including suppliers, and which is also available at <http://www.evonik.com/sustainability>. - 5.5 The Contractor shall duly inform us upon detection of indications of any severe violation of a Human Rights Obligation in connection with our contractual relationship that occurs or is imminent in Contractor's own operations or its supply chain.
- 5.6 The Contractor shall immediately take any action required to end or minimize a discovered violation and take effective steps to prevent future similar violations of Human Rights Obligations. If a violation of Human Rights Obligations cannot be ended in the foreseeable future, Contractor, together with us, shall without undue delay develop and implement a corrective action plan to terminate the violation or mitigate its impacts.
- 5.7 Without prejudice to any other rights or remedies that may be available to us, we shall be entitled to terminate our contractual relationship if Contractor (a) does not end a severe violation of Human Rights Obligations and take effective steps to prevent future similar violations (including the development and implementation of a corrective action plan) within a reasonable timeframe or (b) is in breach of any Anti-Corruption and Anti-Money Laundering Laws.
- 5.8 The Contractor hereby agrees to comply with French regulations on clandestine work and agrees therefore to provide the following documents upon the execution of the purchase order/contract and every six (6) months thereafter, if applicable:

Furthermore, the Contractor shall notify us immediately in writing of any changes to the non-preferential or preferential origin of the goods. For goods which can receive a preferential treatment in the importing country or for which proof of origin is required in the importing country owing to different local import regulations, the Contractor shall enclose the relevant proof of origin (e.g. Form A, EUR 1, Declaration of Origin on the Invoice) with the delivery in question.

7. Subcontractors

- 7.1 According to the provisions of French Act no.75-1334 of December 31, 1975, subcontractors may only be engaged with our prior written consent. This consent shall only be withheld for objective reasons and such a reason includes, in particular, the failure to observe safety requirements. The Contractor shall subject the subcontractors to the same obligations as those owed to us hereunder and furthermore shall ensure compliance with such obligations by its subcontractors.
- 7.2 Consequently, it is expressly agreed between the parties that the Contractor shall be liable towards us for any non-compliance by any authorized subcontractor with the GTP.

8. Transport

10. Delay

- 10.1 The date of delivery/performance specified by us in the purchase order/contract is binding and constitute a material term of the purchase order/contract. Consequently, by receiving the purchase order/contract, the Contractor irrevocably commits itself to complying with the date of delivery/performance and non-compliance may result in the application of the termination clause and the late penalties set forth below. The Contractor shall inform us without undue delay and in writing in the event it appears that it may not be able to perform its obligations within the agreed time period. In the event of delay, we shall be entitled to our statutory rights.
- 10.2 Following a delay in the fulfilment of a purchase order/contract, we may claim, in the event of a stock shortage or in the event of damage suffered by us, payment of penalties from the Contractor, without the amount of each penalty being allowed to exceed

2% of the value of goods ordered within the good category concerned by the failure to comply with the time limits. Where applicable, we will send the Contractor a notice of penalty by registered letter with acknowledgement of receipt. Said formal notice shall expressly refer to the delays concerned so that the Contractor can ascertain the reality of the breaches alleged against it and shall in particular be intended to enable the Contractor to provide all relevant information on the reasons for such delays. If we intend to maintain the penalty, such penalty shall be deemed to have been requested when the corresponding invoice is sent to the Contractor.

- 10.3 If a late delivery results in us being unable to use the goods, the Contractor shall be required to take back the said goods at their purchase cost and its own expense.

11. Performance Certificates and Acceptance

Any performance certificates to be provided for under the purchase order/contract as well as the acceptance of the goods or services shall be free of charge and recorded by both parties in writing.

12. Weight / Volume

Without prejudice to any claim that we may have, in the event of any discrepancy in the weight of the goods, the weight established by us upon the inspection of incoming goods shall prevail unless the Contractor proves that the weight determined by him at the time of passing of the risk in the goods was measured correctly in accordance with a generally accepted method of determination. This clause applies as well to the determination of the volume of the goods.

13. Invoices and Payments, Change of bank accounts

- 13.1 Invoices shall comply with the applicable statutory requirements. The invoice shall include the purchase order number as well as all indications required by applicable laws and regulations, in particular Article L. 441-10 of the French Commercial Code. Any invoice not comprising all of these indications may result in an extension of the payment term not attributable to us. Statutory sales tax shall be shown separately on the invoice. Invoices shall be sent separately to the invoice address stated on the purchase order/contract.

- 13.2 The payment period shall commence upon the later of (i) delivery of the goods at their destination (as set out in the shipping address) or the acceptance of the work or service; and (ii) receipt of invoice at the invoice address stated in the purchase order/contract. Payment shall not constitute acceptance of goods or services.

- 13.3 The Contractor shall notify us in writing of any intended changes to its bank accounts with a notice period of three months via the known contacts. We reserve the right to verify the plausibility and validity of a new bank account by means of our own process and to instruct payments on a new bank account only after appropriate verification. Delays in payment processing resulting from such verification of the new bank account of the Contractor are the sole responsibility of the Contractor and do not justify any delay in this respect.

14. Notification of Defects

We will perform an inspection of the incoming goods only for the purpose of identifying obvious external (transportation) damage and obvious external deviations in terms of identity and quantity. We will send notification of such defects within seven (7) business days from their receipt. In particular, the Contractor shall also compensate us in such case for all costs and expenses incurred directly or indirectly by us in connection with the replacement or rectification. In urgent cases, or if the Contractor is in default of his replacement/rectification obligations, we are entitled to promptly remedy the defect ourselves or through a third party at the Contractor's expense. If the Contractor has given a guarantee for the quality or durability of the delivery/service, notwithstanding the above, we may also assert our rights under the guarantee.

Goods delivered to us are under a warranty against all manufacturing defects and all defective product materials or substandard performance, in application in particular of the provisions of Articles 1641 et seq. of the French Civil Code. In particular, the Contractor shall ensure that the delivery of the goods/performance of the services or its contractually agreed use does not infringe third-party patents or other intellectual property rights in the agreed country of delivery/performance. If a claim is asserted against us as a result of such infringement, the Contractor shall, at our first written request, release us and hold us harmless from all claims (including all legal costs) that we incur as a result of or in connection with such third-party claims, and indemnify us for all direct and indirect consequences of any claim and/or action whatsoever that may be initiated or advanced by a third party in respect of the goods. We may not enter into any agreement with the third party which adversely affects the Contractor without the Contractor's consent.

- 15.4 In all other respects, the Contractor's liability shall be determined by the statutory provisions. Upon our first request, the Contractor shall release us and hold us harmless from third-party claims for compensation if the defect causing the liability claim is caused by and is the responsibility of the Contractor or its suppliers.

- 15.5 Notwithstanding any Contractor's intellectual property rights, we or third parties commissioned by us shall have the right to service and repair the delivered goods.

- 15.6 The statutory and/or contractually agreed claims and rights relating to defects and defects in title will become statute-barred in accordance with statutory regulations.

- 15.7 Apart from the suspension of limitation period provided for by law, the limitation period for claims and rights relating to defects shall also be suspended during the period of time from the notification of a defect until the said defect has been remedied. The

period of limitation will begin anew for deliveries of goods or performances of services that are redelivered/re-performed in full or in part and for deliveries and performances that have been replaced or rectified.
